| Academic carrer | : | 1. Faculty of Animal Science, Hasanuddin University (2003 - 2008) 2. Science Graduate Animal Production and Technology, Bogor Agricultural University (2008 – 2010) 3. Doctor Program Agricultural Science, Hasanuddin University (2012 – 2018) |
| Major Subject | : | Animal Production Science |
| Employment | : | Lecture |
| Research and development projects over the last 5 years | : | 1. Utilization of Cacao Pod Husk in the effort of Standardization of Performance and Genetic Quality of Doe and Replacement Doe PE Prolific Goat (Sinan Ristek – 2013) 2. Identification of Markers Assisted Selection (MAS) for Meat Production in Bali Polled Cattle (WCU – 2016) 3. Genetic Diversity Identification of IFNGR2 Gene in Polled Locus in Bali Cows to Supporting Maiwa Beef Unhas Production (PDP – 2017) 4. Early Feeding in Bali Cows to Increase Growth and Reduce the Death Rate of Calves (Professorship – 2017) 5. Identifications of Control Gene for Growth, Adaptation and Meat Quality in Bali Polled Cattle for Supporting Production of Superior Cattle with Environmental Stress Resistant (PDUP – 2018) 6. Methane Gas Potential Study On TPA Tallang Bulawang Luwu As Renewable Energy Sources (Luwu Regency - 2018) |
| Industry collaborations over the last 5 years | : | |
| Patent and proprietary rights | : | |
| Important publications over the last 5 years | : | 1. Comparison of Body Dimension of Bali Polled and Horned Cattle in South Sulawesi (International Journal of Sciences: |

| | | |
|---|---|---|
| | | Basic and Applied Research, Vol 36 No. 5. |
| Activities in specialist bodies over the last 5 years | : | |
